

# CAGE SLIDING DOOR

Secure

Easy Installation

No Threshold

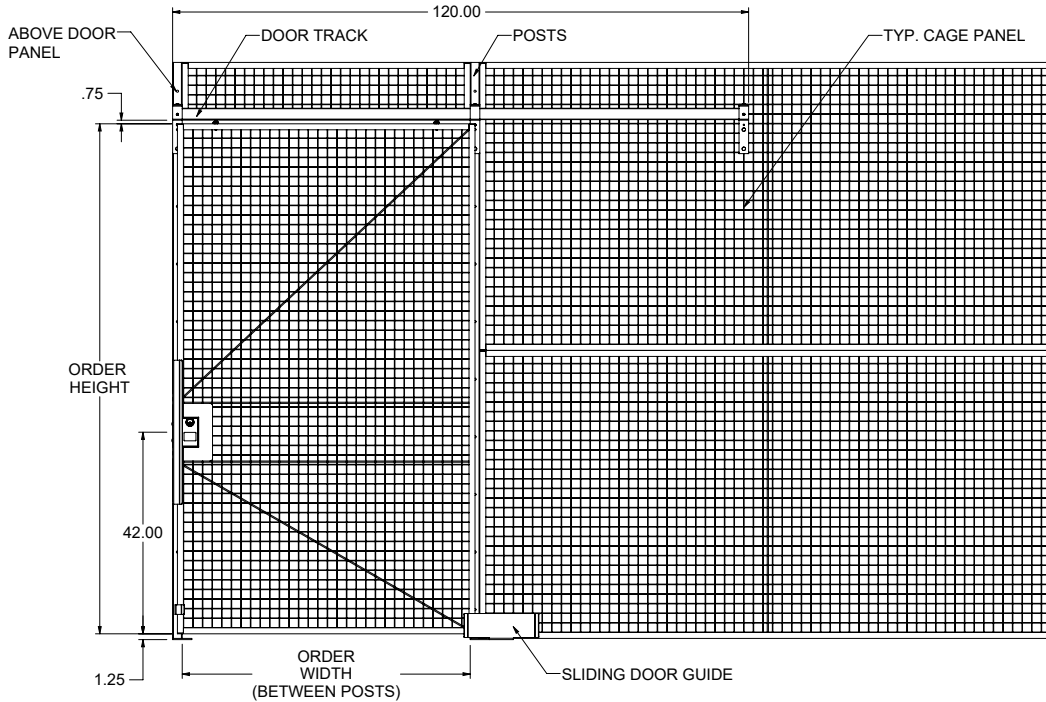

ConaTech Sliding Doors help create a securely accessible area within your space. Sliding doors are slim and require little space to achieve large openings. Doors are available in many standard widths and heights. They can be ordered left or right hand opening. A 10ft track mounts to standard posts and panels, and then the sliding door is hung via (2) trolleys. The standard configuration includes a gate style latch with keyed access. An optional maglock can be configured for increased access control.

## Standard Features

- Gate Latch, Keyed Access
- 2 Sliding Trolleys
- Optional Maglock
- Modular
- Available in Many Standard Sizes
- Powder-coated Finish
- Special Configurations Available
